JUSPAY

Job Title: Associate Product Manager

Location: Bangalore, India
Job Type: Full-Time

About the Role

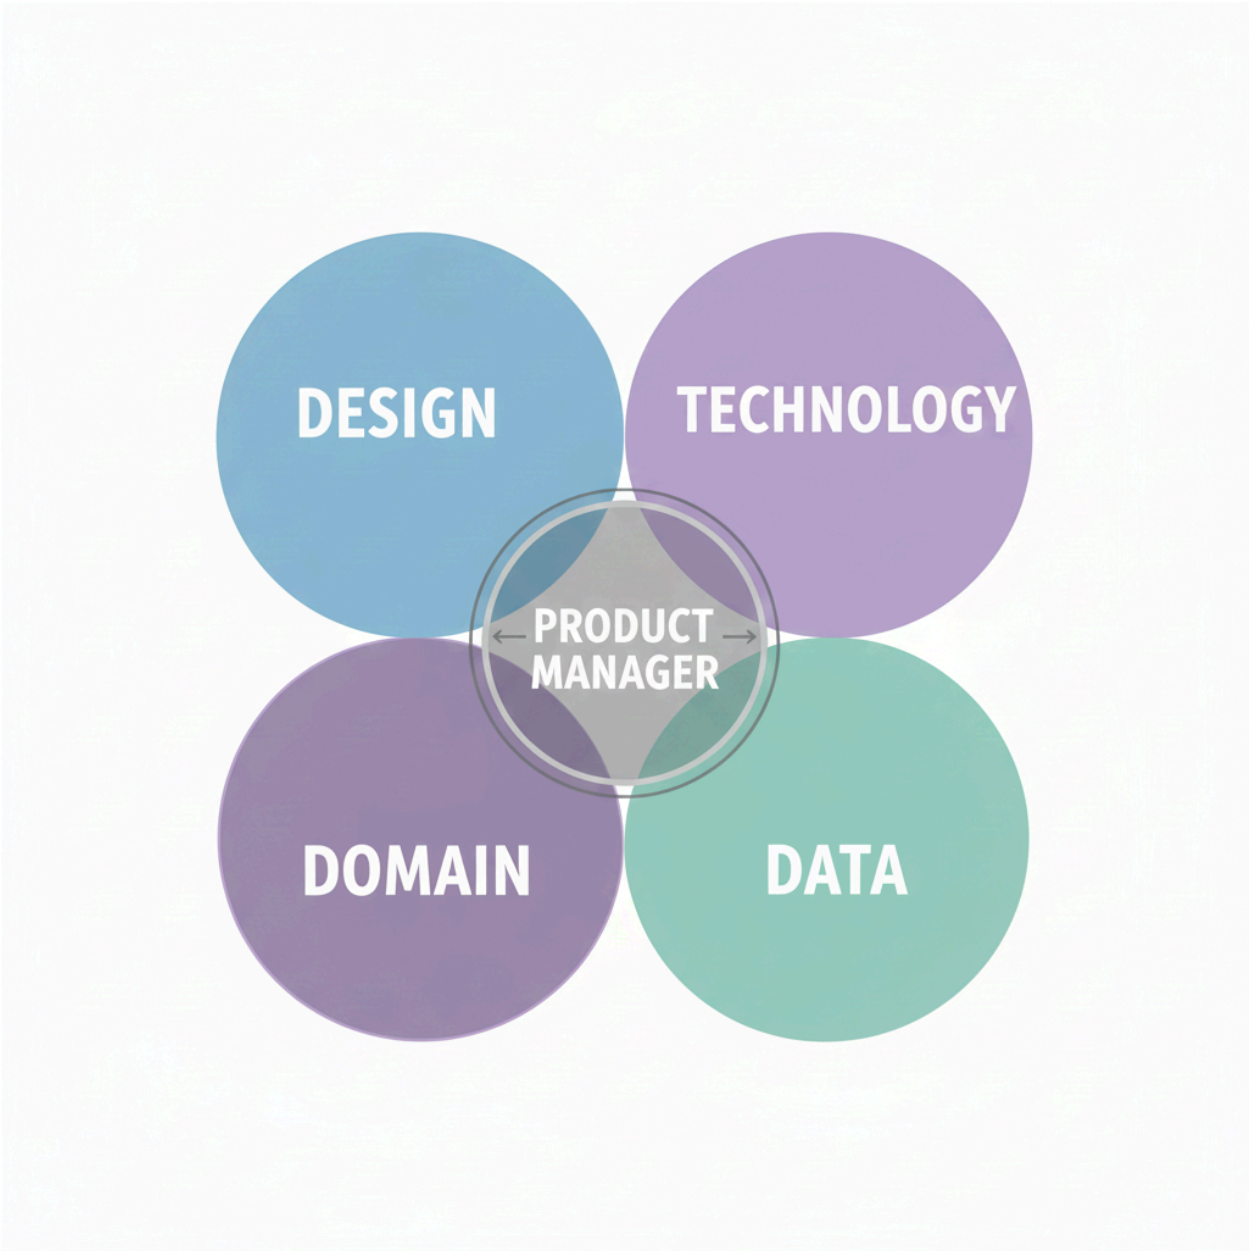
As a Product Manager, you will be at the heart of our product development process, driving innovation and ensuring the delivery of high-value solutions for our customers. This role combines strategic planning with hands-on execution, requiring you to work cross-functionally with engineering, design, marketing, and other teams to build and launch impactful products.

As directors are to movies and music, Product Managers are to product and business at Juspay.

Key Responsibilities

- Establish a clear vision and long-term roadmap for the product in alignment with company's goals and objectives
- Identify market opportunities and create strategies to address them
- Make data-driven decisions while considering customer needs and business objectives
- Foster collaboration across teams to ensure timely and high-quality product releases

---



Qualifications

- Bachelor's degree in a relevant field (e.g., Engineering C.S., preferred)
- Minimum 2 years experience in a product workplace (Engineer, Lead etc.)

Bonus Points

- Penchant for programming
- Keen and active interest in UX design
